4-Days Classroom

(9 Hours/Day)

Course Description

In our 4-Day class you'll learn Velociteach's proprietary "can't miss" strategies for answering difficult exam questions, unlock the secret to learning the massive amount of content found in the PMBOK® Guide 5th edition, and take loads of quizzes that look and feel like the actual PMP Exam.

We'll help you think the way PMI thinks, giving you the right frame of reference needed to approach the exam with PMI's mindset. And because Kaizen is in our DNA, we're constantly tweaking and refining our course and practice questions to ensure you're learning the most up-to-date material covered on the exam.

Best Guarantee in the Business: PMP or You Don't Pay

Velociteach is committed to your success, and our track record proves it. Our live 4-Day PMP Exam Prep program is designed with one goal in mind – to help you earn your PMP – and our training team will work with you every step of the way to make it happen. If you have trouble with the exam, we'll guide you with personal study plans, coaching tips, and encouragement to keep you on track.

We're so confident in our 4-Day course and study program that we back it with the best guarantee in the business: If you take our class and don't pass the exam after 3 tries within 1 year, we'll refund your tuition. Get your PMP or you'll get your money back. Period.

Learning Objectives

After successfully completing this course you will be able to:

- Pass the PMP Exam
- Identify the primary constraints of a project
- Organize projects in the most efficient way possible
- Establish the proper project phases to reduce risk
- Monitor and control projects
- Communicate properly and accurately with your project stakeholders
- Capture Lessons Learned
- Manage teams and keep them focused on the right work

Who should attend?

- Project managers
- Functional managers
- Project leaders
- Anyone involved in leading and directing projects

Class Size

- Minimum of 10 participants
- Maximum of 30 participants

Prerequisites

Three weeks before class begins, students attending this course receive an access key to Velociteach's online e-learning prep system delivered through InSite. It is recommended that students spend as much time as possible studying the material in InSite prior to attending class. When you register, we provide you with a pre-class action plan so that you can jumpstart your studies and come to class prepared.

As well, those who plan to take the PMP exam upon completion of this course should meet PMI's requirements for PMP certification and complete the exam application process with PMI. For more information about this process, visit www.pmi.org.

PMP Exam Details

To sit for the PMP exam, you must have obtained at least 35 hours of project management education. Velociteach's 4-day PMP Exam prep course does provide you with the necessary hours if they are still needed. PMI specifies that to qualify for the PMP you must also meet one of the following experience requirements:

- A bachelor's degree (or the global equivalent) with 4,500 hours leading and directing projects and at least three years of project management experience
- OR -
- A high school degree (or the global equivalent) with 7,500 hours leading and directing projects and at least five years of project management experience

Taking the Exam

Exams are proctored by Prometric. After the application has been accepted by PMI, candidates are directed to provide payment and then schedule an appointment at the testing center of their choice.
